Dear Parents and Guardians

The NSW Government has provided the College with an additional delivery of rapid antigen home test (RAHT) kits for student and staff to use when symptomatic.

The Government has advised that students should use the RAHT at the family's discretion for their own peace of mind if the child or a member of the family is experiencing COVID-19 symptoms.

I remind all families that if children are unwell, please keep them at home and test for COVID-19. If your child or a member of your household tests positive whether symptomatic or not the household is required to isolate for 7 days.

As with previous collections, kits will be available from the new multi-purpose centre, The Lindsay Walker Centre, on Wednesday 16 March from 8.30am to 11.00am.

Please see the below link detailing how to carry out the rapid antigen test.

[Instructions for use of COVID 19 Rapid Antigen Test kit](#)

Thank you for your support, patience and goodwill as we continue to navigate these uncertain times together.

Your faithfully,

Mr Robert Tobias
Principal
